

Annihilators

Tuesday, 26 February 2008

ANNIHILATORS. The name used to refer to the elite troopers of Destro's Iron Grenadiers. The Annihilators are equipped with various types of weapons and occasionally use portable heli-packs that can be worn on their backs. The Annihilators were first seen in action during a battle fought in Rio Lindo, the capitol of Sierra Gordo. (GI 92)
