MENSHEVIKISTAS. Terrorists from Sierra Gordo that stormed Cobra's Consulate in New York. They hoped to force Cobra to stop supporting the new revolutionary government of their nation, by threatening to blow up the Consulate. They caled themselves "radical bourgeois university students of Sierra Gordo" and wanted to take over the government from the "illiterate peasants" that ran the country. The Baroness referred to them as "yuppie terrorists". The Menshevikistas didn't realize that their explosives were simple tear gas bombs. The terrorists were actually supplied by the Joe team's Chuckles, who only used their attack to cover up the Joes planting of a recording device in the Consulate. The Menshevikistas were arrested after their plan failed. (SM 7)
