Tuesday, 19 February 2008

SNEAK PEEK (Beuke). Agent Anthony Beuke was an FBI agent who was among the reinstated G.I. Joe team's new recruits in 2001. Beuke, using the code name "Sneak-Peek" (previously used by a late member of the original team), infiltrated Zartan's Dreadnok organization and made his way into its Chicago base. He was shot and killed while spying on a new, advanced Cobra B.A.T.
