Wednesday, 27 February 2008

BATTLE WAGON. A four-wheeled armored vehicle used by the G.I. Joe team. The Battle Wagon included a large missile-launcher that could fire six rockets, and two heavy machine guns. The vehicle was manned by one driver and three gunners. The Battle Wagon was first used during the Joes' battle against Cobra in the Trans-Carpathian mountains, while defending Destro's castle. The vehicle was later used when a group of Joes rescued Hawk and Lady Jaye from Borovia's war-torn capital city. Months later, a Battle Wagon was modified and used as a test-bed for the Rail-gun prototype.
