

Robo-J.O.E.

Monday, 22 November 2010

ROBO-J.O.E. The code name used by U.S. Army Private First Class Greg D. Scott, born in Casper, Wyoming. Scott was a engineering genius who helped design robotic armor for G.I. Joe's Star Brigade team. After he was injured in an attack, he was given cybernetic implants and took the code name Robo-J.O.E. Today, like many Joes, he is a reserve member of the team. He was unavailable to fight with the Joes during the conflict known as World War III. One of many Joes listed on World War III member assignment map first seen in AE #28.

Robo-JOE's file name, Greg D. Scott, is shared with the second character named Lifeline.
